

## Obituaries from Arcanum, Ohio Newspapers

*Arcanum Times* Jan 13, 1910 – Dec 31, 1915

Contributed by Rose Shilt  
Proofed by Audrey (Shields) Hancock

The obituaries included here have been abstracted for all their important genealogical content. Some were only death notices while others were full obituaries with all the many-worded content used in early times. It should be remembered that many newspapers of this period received their news by word of mouth with some items being told through a chain of several people. Some of these death notices will appear in more than one edition of this weekly newspaper. If additional information is given, then that additional date will be given. Date of newspaper in which item appears will be given in parenthesis. If a female is listed under her maiden name, a further reference is given to married name. A few items other than obituaries have been included for their genealogical content. As Arcanum was not that far from the Montgomery, Miami and Preble County lines, there will be some items concerning people in these counties. All newspapers are on microfilm and are located in the Arcanum Public Library.
